WORD FROM THE PRESIDENT

C.B. Vittal

Dams represent an important asset, although generally not adequately recognized. It is the objective of this newsletter to provide the Indian and other members of the ICOLD community with the latest news and information on the dam industry and the importance of the dam industry to the world. The newsletter will also provide information on the activities and projects of the dam industry in various parts of the world. The newsletter will also provide information on the activities and projects of the dam industry in various parts of the world. The newsletter will also provide information on the activities and projects of the dam industry in various parts of the world.

On the other hand, we also see that the opportunity of dam projects has been diminished in the development and improvement of the national and international dam industry. We hope to take the necessary steps to improve the aspect of a dam's development and provide the necessary support for dam projects in the world.

The newsletter you have in hand will be published quarterly and I hope it will give you a good insight into the dam industry in various parts of the world. We hope to take the necessary steps to improve the aspect of a dam's development and provide the necessary support for dam projects in the world.

Beyond that, it is our goal to provide a communication link between the National Commission and the Central Office of the ICOLD as well as to increase the efficiency of the world dam industry. We are particularly pleased by the Chinese committee for writing and preparing this newsletter and we hope to take the necessary steps to improve the aspect of a dam's development and provide the necessary support for dam projects in the world.
