### ICOLD ON THE FRONT LINE FOR DEVELOPMENT

**A**chieving the 2015 millennium goals is the greatest challenge the world has ever faced. The Millennium Development Goals (MDGs) set by the United Nations in 2000 are a call to action for the world to bring about a better world for all. The world has made significant progress in meeting these goals, but there are still many challenges ahead. The world must continue to work together to meet these goals and to build a more sustainable and equitable world for all.

The world must continue to work together to meet these goals and to build a more sustainable and equitable world for all. The world must continue to work together to meet these goals and to build a more sustainable and equitable world for all.
