

Publications

Publishing is one of the main activities of ICOLD. On this page, you can buy our many different publications.

A tool developed by the French Committee on Dams and Reservoirs ([CFBR](#)) allows to find the references of a Congress or Symposium article, a publication, a bulletin from keywords, author name, dam... This tool is available [here](#) (Excel file, with Macros, in an archive, to download, file from October 2023). To obtain a particular reference, please contact the ICOLD or your National Committee.
